EUROPEAN POPULATION CONFERENCE 2010

POSTER SESSION INSTRUCTIONS

The EPC 2010 Poster Sessions will be held at the Arcade Courtyard of the University of Vienna, the conference venue in Vienna. Times and schedules can be found in the (preliminary) program on the conference website. The poster board is 100 cm wide and 145 cm high. Each poster board will be identified by a poster number. Refer to the final program to confirm the number assigned to your poster presentation. The presenting author should be present during the poster presentation.

Please notify us immediately at epc2010@opr.princeton.edu if you are unable to attend the meeting or present your poster, so that we can assign your poster space to someone else.

Poster preparation

Title - Prepare a banner for the top of the poster indicating the title, author(s) and affiliation(s). Lettering on the banner should be at least 2.5 cm high.

Illustrations - Figures should be designed to be viewed from a distance, and should use clear, visible graphics. Each figure or table should have a heading in large typeface. Detailed information should be provided in a legend below in smaller typeface. Since there is no text accompanying a poster, the figure legend should describe concisely the content of the figure and the conclusions. Details of the methodology should be kept brief and should be placed at the end of the legend.

Layout - Materials should be mounted on colored poster paper. Use thin mounting materials -- heavy board is difficult to keep in place. (Push pins will be provided.) The sequence of figures or graphs should be indicated with numbers or letters. Avoid long textual passages and use graphs and diagrams as much as possible.
You may have copies of abstracts available for distribution during the poster session.
